OBJECTIVE

Seeking a career with a reputable company in an area of Web or app development that will allow me to utilize and improve my current development skills

COMPUTER SKILLS

React Native, Python, Django, PHP, WordPress Theme Development, JavaScript, Java, MySQL, Postgres, SASS, AWS, CodeShip, Grunt, Git, Jira, Adobe Photoshop and Adobe Illustrator

EXPERIENCE

DEVELOPMENT TEAM LEAD SENIOR DEVELOPER

ROCKETBUILD, INDIANAPOLIS, IN

February 2017 - Present
October 2014 - February 2017

- Developed multiple React Native cross-platform apps
- Built out multiple Python REST APIs with the Django framework
- Used Android to build out a touch screen kiosk for Whirlpool®
- Built out custom WordPress themes using Foundation and SASS
- Estimated and architected full-stack projects: Web apps, mobile apps and data infrastructure
- Developed epics and user stories to break down projects and to prepare them for development
- Worked closely with project manager to assign tasks to team members based on project scope, individual strengths and project types
- Served as manager and mentor for junior developers

SENIOR DEVELOPER

XIIK, INDIANAPOLIS, IN

March 2012 - October 2014

- Built out custom WordPress Themes
- Worked extensively with PHP, Foundation, JavaScript, jQuery and MySQL
- Collaborated with clients to make their vision a reality while remaining in budget
- Learned to work in a fast-paced environment that often required jumping between multiple projects with tight deadlines

LEAD WEB DEVELOPER

MOSAIC, INDIANAPOLIS, IN

May 2009 - March 2012

- Developed 5 PHP-driven database systems from inception to launch
- Designed and developed custom WordPress and Joomla Themes
- Created Rich Internet Applications using JavaScript, jQuery, HTML5 and CSS3
- Used Flash to develop an application for a 46" touchscreen kiosk that was used around the US
- Developed mobile applications using Sencha Touch, jQuery Touch and Flash
